# 1 Welcome & Introduction

Dear Friend,

Welcome to the second week of the Freedom Technology Email Seminar, which guides you along the simple process of leading a truly fulfilled life.

Last week we discussed "paradigms" and "paradigm shifts". Remember - the picture of the old and young lady in the same picture? Were you able to identify both? If so, you experienced your first "paradigm shift", and there will be many more coming up as we progress. You might even want to keep a record in your journal of every "Aha!" experience you encounter as your mind expands to embrace these new paradigms.

If you need a refresher on what we mean by paradigm shifts, we encourage you to re-read last week's lesson. It's important that you understand and remember the principles before we explore this week's topic, which is...

## 2 The Immutable Laws of Nature

### 2.1 Definition

The first step to achieving a free and fulfilled life is to understand that all of life is governed by law. This includes Nature, Music, Art and all of the Sciences. These laws never change, no matter how much things around us seem to be in a state of constant change or chaos. Gravity is just such a law. It never changes, and it affects us whether we believe it exists or not.

To live in harmony with the Laws of Nature produces vibrant health, engaging relationships, abundant joy, clarity of thought, unparalleled judgment and a fulfilled life.

To violate them produces strife, stress and destruction.

These Laws of Nature are in operation, whether you are aware of them and understand them, or not. And the laws don't "change with the times" like everything else seems to. The Laws of Nature today are the same Laws of Nature that applied thousands of years ago. They are **unchangeable** or **immutable**.

Very few of us fully understand the Law of Gravity, and we seldom think about it. But it still continues working, ensuring a comfortable living environment here on earth.

You may already be living a fulfilled life because you understand and abide by these Laws of Nature, or you may be trapped in a go-nowhere life because you're subject to a different set of man-made laws.

Now here's a challenging question...

## 2.2 What Are the Laws of Nature?

Have your parents ever explained them to you? Did you learn them at school? Does your religion ever mention the Immutable Laws of Nature? In fact, have you EVER heard of this term before?

No?

Hmmm... Are you starting to believe that maybe, just maybe, important aspects of life were purposely withheld from us because THEY don't want us to understand?

**It is undeniable that much unnecessary unhappiness exists today because of ignorance of the Immutable Laws of Nature.**

Knowledge, understanding and application of these laws lifts your life out of the mediocre and places it on a heavenly plane. It is the flowers rather than the weeds, the banquet rather than the crumbs.

So, it would make sense then to discover what these Laws of Nature are, so that we can start abiding by them, and in so doing automatically live a more fulfilling life.

Let's return to the question of "What are the Immutable Laws of Nature"?

We'll be covering 15 of the many hundreds of laws. These are the most important and relevant to leading a fulfilled life. We'll simply introduce the laws this week, so that you have an idea of what we'll be covering in subsequent weeks.

### 2.2.1 Relationships

We begin with relationships, since this provides the basic meaning to, and the purpose of life: developing fulfilling relationships.

**The Laws of Relationships** are based on:

1. **DATING:** the Law of ATTRACTION - Use this Law to find your Ideal Partner and avoid falling for the 'wrong' ones.
2. **MATING:** the Law of EXPECTATIONS, or what men and women each want out of a relationship.
3. **EVER-AFTERING:** the Law of FIDELITY between a Woman and a Man that leads to long-term fulfillment, and how to ensure that your relationship becomes a life long love affair, in which neither partner feels the need to look elsewhere to have their needs fulfilled.

### 2.2.2 Health & Longevity

The second area to be covered is that of Ultimate Health and Longevity. Unless you're leading a healthy life, free of dependence on manufactured drugs of any form, your own body will be holding you back from achieving all you can.

**The Laws of Ultimate Health & Longevity** are based on:

1. **TAKING RESPONSIBILITY** for one's OWN Health; not becoming dependant on anyone else, including the medical establishment. This requires effort. The first step in taking responsibility is to understand the forces against you: Media; Government; Environment; Health Establishment; Traditions.
2. **NATURAL LIFESPAN**: Both science and the Good Book indicate that a normal life-span is 120 years. FALSE information is being used to promulgate the idea that it is only 70 to 80; AND that a loss of faculties is inevitable. By changing simple life patterns, achieving a healthy life to 120 and even beyond is not only possible, but how the human body was originally designed.

### 2.2.3 Independent Wealth Creation

The third area to be covered is that of Wealth Creation, since without an independent means of creating wealth, you will forever be a slave to a salaried position.

**The Laws of Financial Independence & Wealth Creation** are based on:

1. **MATERIALIZATION**: This is a fundamental law of the Universe: what the mind of man can conceive, it can bring about. The mind is the workshop in which everything is initially created. Without having a plan, there is no direction. Unless there is direction, no destination will be reached. Such a life is meaningless. Once you understand this law you will be able to discover and implement the true purpose for your own life.
2. **PERSISTENCE**: Without persistence, very little is ever achieved. With it, anything can be accomplished. Understanding and harnessing it can lead to the achievement of ANY goal. A Plan without Persistence is no plan at all.
3. **ACTUALIZATION**: The ultimate reason and purpose for a successful life is to attain transcendent self-actualization. This is what we at Freedom Technology refer to as the Omega Point. (More about this later!) Self-actualization is to find self-fulfillment and realize one's full potential. Self-transcendence is to connect to something beyond the ego or to help others find self-fulfillment and realize their potential.
4. **LEVERAGE**: This law is the principle of taking all of your assets (your time being the most valuable) and making them work for you. The best known example of leverage is that of pop stars or authors, who apply effort once (recording an album, writing a book) and continue earning income for years after, every time an album or book is sold. Until you can leverage your time, you will never become wealthy and powerful.

### 2.2.4 Personal Freedom & Independence

The fourth area to be covered is that of Personal Freedom. Unless you're able to lead a life free of interference from those who want to limit your life, you will never be able to achieve a truly fulfilling life.

**The Laws of Personal Freedom & Independence** are based on:

1. **PRIVACY**: The ongoing erosion of privacy in the World is the most important issue facing individuals today. Without privacy, we have nothing, or less than

nothing. Privacy is a human imperative because privacy of self is an important biological necessity of a sane and stable sense of self. It is a scientific fact that a rational person cannot have their autonomous sense of self (their sense of privacy of self,) compromised and still function as a healthy individual.

Thinking and creativity require the capacity to make independent judgments. An invasion of our privacy such as that going on in America and other countries today violates that capacity. It is more than important to reclaim our privacy, it is a biological necessity.

2. **INDEPENDENCE:** Only by having money you alone control and having it privately, can you achieve a truly fulfilled life. Offshore money is therefore a pre-requisite to living independently.
3. **SOVEREIGNTY:** This is the end ideal to be achieved. A king or queen is not only independent, but also leads their people. In fact they SERVE their people.  
This is the epitome of success, self-actualization and reaching the Omega Point. (Don't worry, we'll explain this in due course!)

## 2.2.5 Metaphysical Truth

The fifth and final area to be covered is that of Metaphysical (or Absolute) Truths. This may sound a little complex right now, but as you progress through our material all will become clear. Remember that this is only an introduction.

**The Laws of Metaphysical Truths** are based on:

1. The Universe and the mind of man was brought into existence out of nothing, by an Initiator outside of this world system. Once we understand this, our response is usually and almost inevitably, one of awe.
2. The Existence of 2 Forces: Positive and Negative. The positive force is naturally good (love), and the negative force is naturally evil (death). This Law of Forces is for our personal training in the Management of the Universe. (Don't panic! We'll explain this later.)
3. The Negative Force is temporary – with only the positive eventually remaining, resulting in a dimension of Metaphysical Love.

These then are the basic Laws of Nature we will be covering over the next few weeks. Don't worry about not understanding it all now - this was purely an introduction, and we'll be going into far more explanation soon.

## 2.3 Common Violations of the Laws of Nature

For now, let's just look at examples of common violations of these laws. The reason we're doing this is so that you can understand why your life isn't currently as fulfilled as it could be. We'll show you how you are living in violation of these basic laws. By living according to man-made, artificial laws you may be unknowingly limiting your ability to live an abundant life.

### 2.3.1 Relationships

A person not familiar with the Laws of Relationships, engages in the same, identical, mind-stifling routine day after day, year after year. It doesn't matter what the DETAIL of this routine is, but it might go something like this:

Come in, kiss your spouse.  
Make cup of tea.  
Sit down and read paper for half an hour whilst spouse makes meal.  
Eat meal, chat about pointless things.  
Bicker for a while.  
Wash up.  
Watch television.  
If 2nd Thursday of month, then go for steak at local restaurant.  
Go to bed.  
If 3rd Thursday of month, then make love.  
Go to sleep.  
Repeat until you die.

This may be stereotyped, but the real point is that, married or not, the 'normal' person follows almost exactly the same routines, with very slight variations, every single day, week after week.

Further, attraction is defined by what we see in glossy magazines. In other words, a woman must be slim, tall, pretty and well manicured. A man must be muscular, handsome and well tanned.

#### **Rubbish!**

Men and women come "hard-wired" with their own different sets or internal templates of what comprises a desirable mate, and a set of emotional trigger buttons that, when pushed, create that powerful emotional response called ATTRACTION which compels them to mate with the one who triggers it.

Most have no idea that this mechanism exists or how to trigger it, so they do traditional "nice" things which usually have the OPPOSITE of the desired effect. People don't CHOOSE who they feel attraction for, and they don't choose the emotions that they feel either. It just HAPPENS. Bam!

And what about all the relationship advice that floods our TV screens, magazines and radio stations. All claiming to have THE answer to why more than half of marriages end in divorce.

There are only two vital needs in any relationship. Get this right and everything else falls into place:

The most important need a man has in a relationship is to feel appreciated, admired and respected. Without his partner's appreciation his life is but an empty shell.

The most important need a woman has in a relationship is to feel loved and cherished. Without her partner's love her life is but an empty shell.

Without appreciation, there is no love; without love there is no appreciation.

Ever seen that taught anywhere?

It's because all those Agony Aunts, Soap Opera Stars and Talk Show Hosts haven't understood the Laws of Nature as far as Relationships are concerned. They're violating the Immutable Laws of Nature, imposing their own laws, and in the process have created even more unhappiness.

### **2.3.2 Ultimate Health & Longevity**

Here's a little secret about how the medical establishment operates:

**If nature made the cure, you can't patent it...**

**If you can't patent it, you can't mark it up for mega-profits...**

And that means you can't pay for TV commercials, you can't deluge doctors with samples, you can't endow universities to bless it with their research, and you can't afford the legal shenanigans to push it through the FDA.

Almost 93% of non-surgical ailments can be cured effectively by controlling what you put in your mouth from nature. Controlling your food and drink, enhancing your intake with herbs and supplements.

Nature is the best healer you'll ever find, but any breakthroughs as a result of research into natural healing is SQUASHED, before it can affect the profits of all-powerful drug companies.

Drug companies, in their greedy drive for higher profits, have focused on producing drugs which only address the SYMPTOMS, often at the expense of worsening the original condition they claim to have been trying to cure. This obviously creates a further profit potential, to sell further drugs to alleviate the additional symptoms. They have violated the Immutable Laws of Nature, imposing their own laws, and in the process have created even more unhappiness and ongoing health problems.

### **2.3.3 Financial Independence & Wealth Creation**

The 'normal' person has barely enough money to live on, because their outgoings either exactly match, or EXCEED their income, leaving them drifting into debt. In fact the 'normal' person is IN DEBT to a considerable extent, typically owing tens of thousands on a mortgaged home, having finance on one or more expensive items (car, furniture etc.) having a bank overdraft, and owing money on one or more credit cards.

The burden of these debts, together with an 'unchangeable' lifestyle, ensures that Johnny and Jane Average always operates with the tip of their noses JUST above the water. The effect of this is to lock them solidly into the freedom-removing system of work. It prevents them from exploring their full potential and living a joyous life -

because they are SCARED of losing their jobs due to the debts and commitments that weigh them down.

This is not how a fulfilled life is meant to be. Banks, in their greedy drive for higher profits, have made credit increasingly easier to obtain, and in doing so have violated the Immutable Laws of Nature, imposing their own laws, and in the process have created even more unhappiness and slavery.

### 2.3.4 Personal Freedom & Independence

If you went up to any individual living in any Western Democratic Country and asked them: "Are you free?", they would almost unhesitatingly reply "Yes, I'm free." A few more thoughtful souls might qualify their answer by saying something like: "Yes, I'm reasonably free," or "Well, I'm as free as anyone else." Most would say that they enjoy a tremendous amount of personal liberty in their private and public lives.

Well, they are all completely WRONG! The vast majority of people are about as trapped or 'un-free' as it is possible to get without being manacled to the wall of some dank cell.

They have almost NO freedom in ANY area of their lives. They have allowed themselves to be absolutely and rigorously controlled by outside forces - other people - to the extent that they can barely shuffle around and make grunting noises through their gags! And this means YOU. Only those who have correctly understood and applied the principles of Personal Freedom & Independence can be said to be truly free. The rest are, to a greater or lesser extent, **slaves**.

Consider this:

The 'normal' person works for a living in a job which they either actively dislike, or just tolerate. A few 'lucky' souls occasionally enjoy some aspects of their job - on a good day. The 'normal' person HAS to get to work at a certain time EVERY single day of the working week. They DARE NOT be late or leave before a certain time, under threat of some form of penalty.

Thus, approximately FORTY hours of every single week - week in, week out - are governed and ruled by the dictates of someone else. No matter how 'liberal' the company, no matter how 'nice' the boss, no matter how much 'flexi-time' is worked, the stark truth is that for about forty hours every week, the 'normal' person hands over complete control of their life to other people, who make them sing and dance more or less like a puppet.

Here's something else:

The 'normal' person willingly hands over at least FIFTY PERCENT of their personal wealth, in the form of taxes, to other people to spend as they see fit. They neither ask for, nor expect accountability. They don't know where their money is spent (except in the vaguest way), and they don't care. They don't ask for facts and figures, or expect accountability, honesty or efficiency. If they try to withhold their money, then agents of force will come and take them away and throw them in jail. They accept this as reasonable and normal.

They are taught nothing whatsoever in school about how their own government handles the country's finances.

If they were to ask the government for an itemized bill of where their money (taxes) had been spent, they would be met with blank stares and vague answers.

But we're not finished yet!

The 'normal' person reads newspapers, watches television news and current affairs, listens to radio news broadcasts and actually BELIEVES many of the items they hear.

More importantly, they spend a significant amount of their time DEBATING these issues with friends, and PONTIFICATING about the rights and wrongs of the particular issue in question. In this manner, their emotions are controlled by whatever news story the media decide they will release to them that day. They hold a huge collection of OPINIONS and VIEWS about every conceivable topic from nuclear power to abortion, and spend a significant amount of their time explaining and defending these views.

This, despite the fact that they often have almost NO KNOWLEDGE AT ALL about these topics, and is merely repeating 'information bites' released by the media.

They watch televised debates about a certain topical issue, and ACTUALLY TAKE ONE SIDE OR ANOTHER! - even becoming hot under the collar when the opposition view is being expressed. In this way, their opinions and views are safely polarized into one camp or another, and firmly away from any REAL choices, decisions or debates.

So it's clear (or should be clear) that no-one living in any Western democracy is in fact free. We are ALL bound by extremely limiting beliefs and lifestyles.

### **2.3.5 Metaphysical Truths**

The 'normal' person believes, either overtly, or covertly, that there is some sort of all-powerful god or supernatural being, watching over them. This same being has a kind of book, in which it marks the times when you've been a GOOD boy or girl, and the times when you've been a NAUGHTY boy or girl. When you die, if the GOOD points don't outweigh the NAUGHTY points then you will be SEVERELY PUNISHED - possibly for all eternity! So the 'normal' person struggles all of their life to try and live by rules imposed by other people, or groups of people, or warped religions. They worry if laws are transgressed, and they spend a certain amount of time agonizing, looking over their shoulders or confessing their 'sins'.

Even those who profess atheism still retain a nagging doubt in the back of their minds that somewhere a score is being kept of their 'good' deeds vs. their 'bad' deeds. There are very, very few people who are free of this man-made belief.

The vast majority of religions are WRONG. The meaning of the original teachings of the world's major religions have been twisted, altered and decimated by those looking to benefit either financially or egotistically. Individual religious leaders have violated the Immutable Laws of Nature, imposing their own laws, and in the process have created even more unhappiness.

### 3 Wrapping Up

Now, we realize that the situations described above couldn't possibly apply to you, but we mention them purely as examples of modern day violations of the Immutable Laws of Nature.

**It is undeniable that much unnecessary unhappiness exists today because of ignorance or violation of the Immutable Laws of Nature.**

And that's the purpose of the Freedom Technology Email Seminar: to teach you the Laws of Nature, and show you with empirical proof how living within the minor confines of these laws will lead to a fulfilled life.

Now already this material is becoming quite hard-hitting. Many people drop out even at this rather weak and pathetic level of personal power instruction. That's fine. We would rather you dropped out and made way for someone truly committed to Health, Wealth, Power and Freedom, rather than struggling on, only half believing in what Freedom Technology teaches. If the going gets too tough for you at any stage, then you are absolutely free to drop out and return to your previous life of poverty, restriction and powerlessness. No-one is forcing you to remain committed to something that may not now make sense to you.

But if you stick with this course, as we sincerely hope you will, then as you progress through the material we're sending, you will gradually become enlightened. The scales will fall from your eyes as you become ever more powerful, ever more wealthy, healthy and free.

If you are feeling uneasy at this point, perhaps we can reassure you with the following statement: -

**A strong, wealthy, powerful and free person is far, far better equipped to REALLY help someone, or to improve a bad situation, than a weak, pathetic, poor and trapped sheep!**

Freedom Technology Members of higher grades move into every situation with POWER and TRUE INTEGRITY. They bring about REAL and LASTING changes in their own lives, and in the lives of those around them. Just to be near one of these people is enough for you to see and feel their very real power. The sheep, in contrast, only whine and bleat and moan about how awful everything is, and then DO ABSOLUTELY NOTHING ABOUT IT!

So, stick with us, and see where this little journey might lead!

Next week we're going to tear the media apart and show you how many LIES are forced on us by the media.

Look out for next week's email entitled **FT Seminar 03 - The Role the Media Plays in Molding Our Perceptions and Opinions**. You're going to be blown away when you realize how we've been conned by the media!

Side Note: A small percentage of readers are NOT shocked by anything they've read to date. If you're one of them, here's an explanation.

One of the advantages of the Internet is the fact that we can make this information available to large numbers of people at low distribution cost (as opposed to printing books and physically mailing manuals).

The disadvantage is that we know nothing about you. If we did we could dive right in at the appropriate depth and provide new information which WILL shock you. We must lay the groundwork and foundations first.

Please understand this, and bear with us as we bring other readers up to your level of understanding. By the time we've completed the basics of each of the 5 Essential Pillars of Fulfilled Living, we'll be able to move ahead into the really challenging and exciting material. We promised we wouldn't waste your time, and we intend standing by that promise.

Until next week, here's to your new understanding of the **Immutable Laws of Nature**,

To your new truly fulfilled life!
